

<p>Maths - Year 1</p> <p>Number and the Number System 1: Ordering numbers to 20</p>

<p align="center">Maths - Year 1</p> <p align="center">Number and the Number System 1: Ordering numbers to 20</p>

Key Vocabulary	
Ordinal number words	First, second, third etc.
Growing pattern/sequence	A pattern or sequence of numbers that are increasing or growing larger.
Order	Arrange numbers, objects or shapes in a sequence/pattern.
Numeral	A symbol or group of symbols that represents a number.
Positional language	E.g. next, in between.

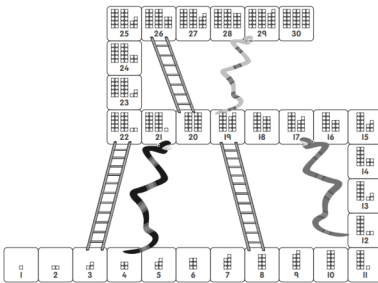

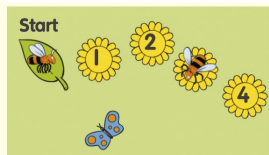

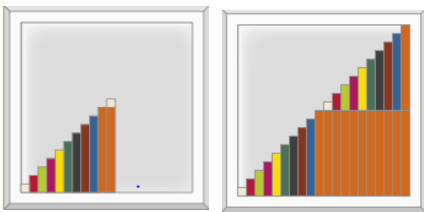

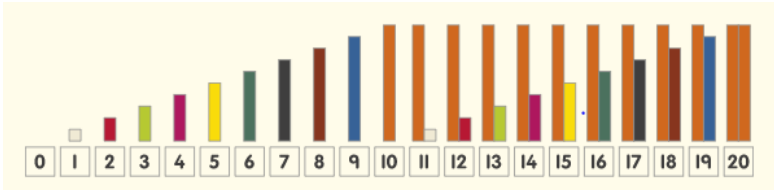

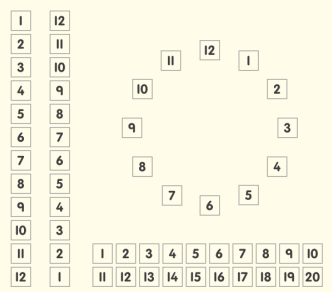

Ordinal number words	First, second, third etc.

Numeral	A symbol or group of symbols that represents a number.
Positional language	E.g. next, in between.

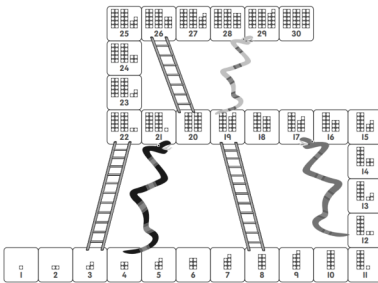

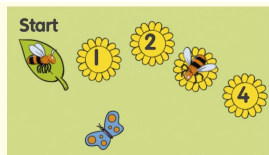

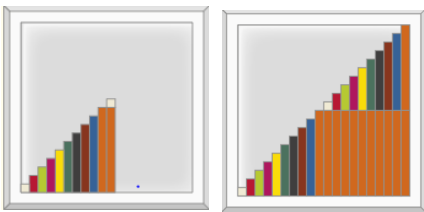

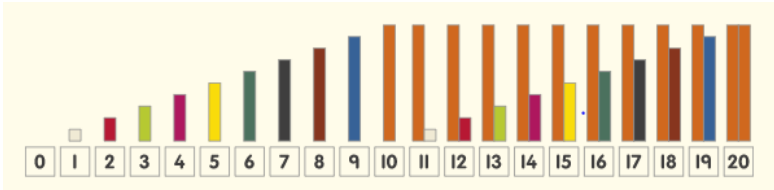

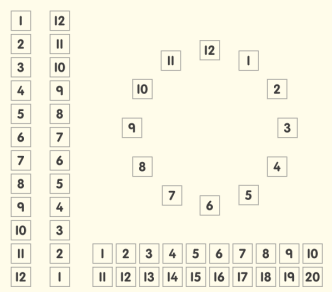

Mathematical Skills

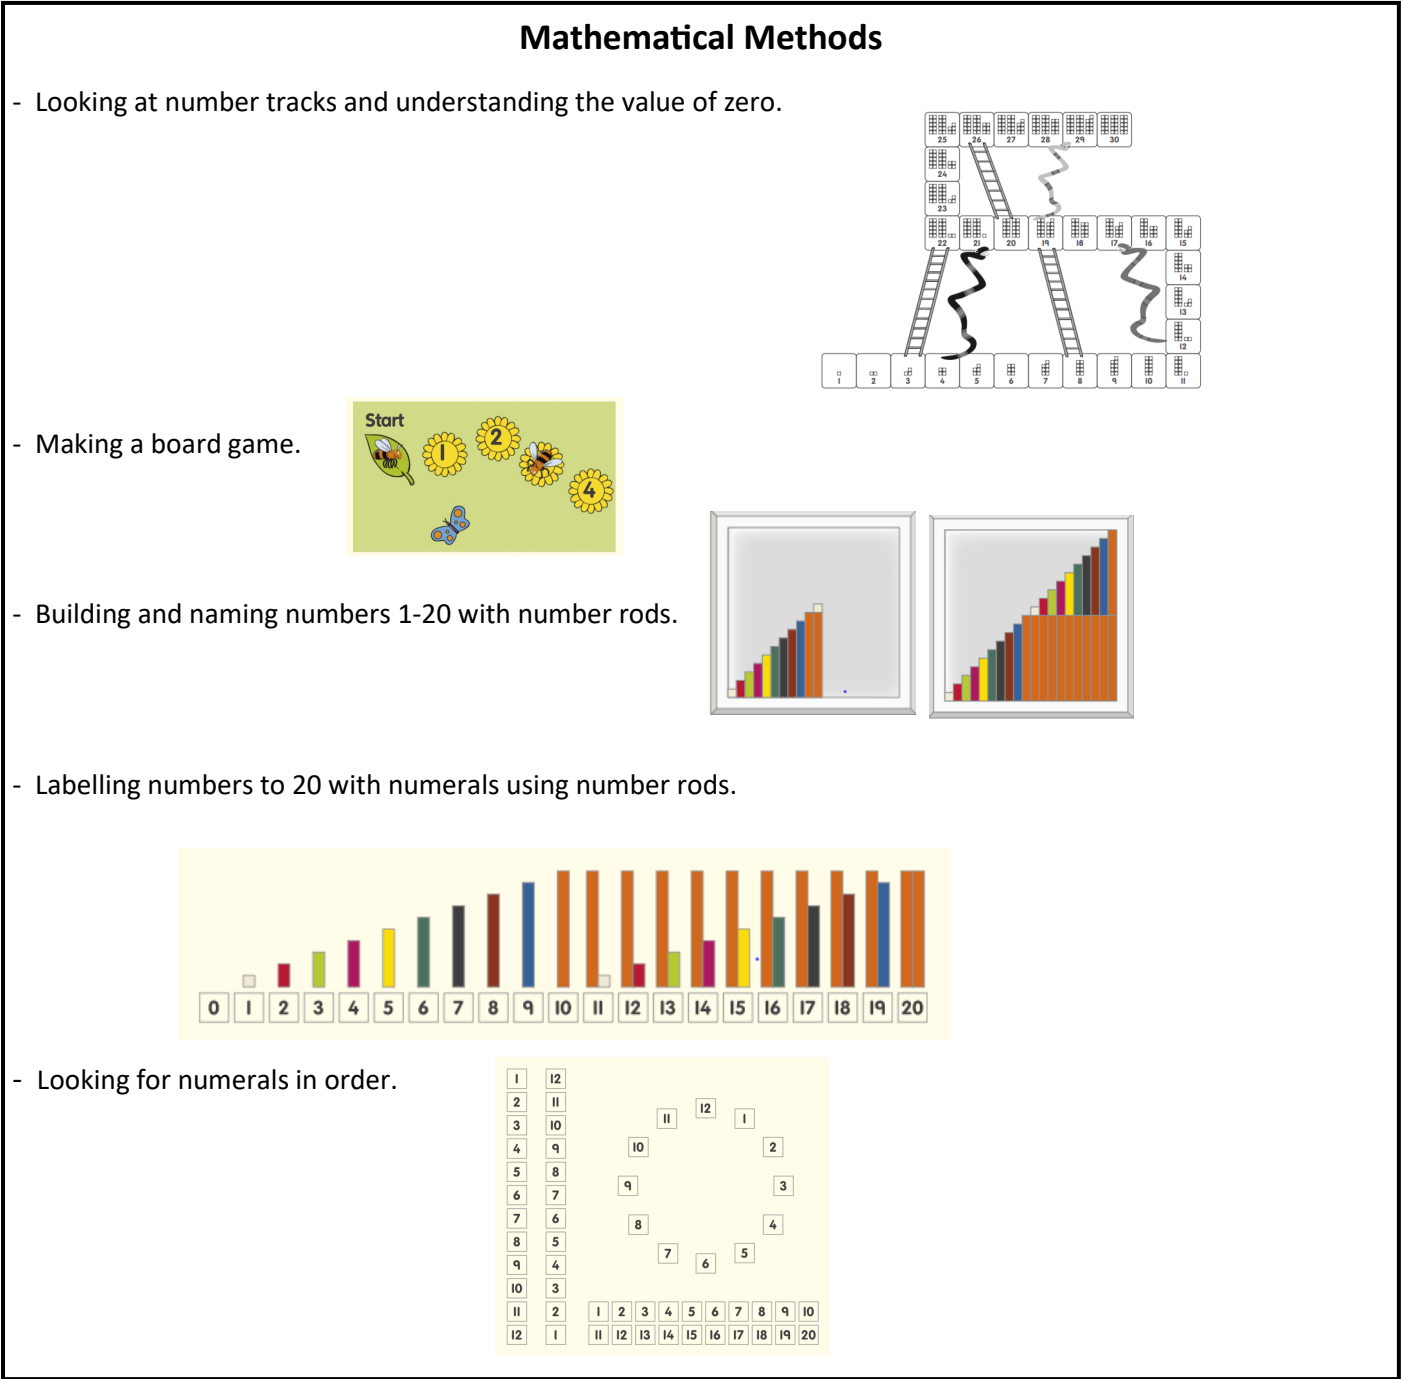

- Say the counting sequence from 0-20 correctly, in order.
- Write the numerals for numbers 0-20 correctly, in order.
- Show numbers from 1-20 in order with structured apparatus.
- Explain and follow the rules for playing board games.
- Build teen numbers with number rods.

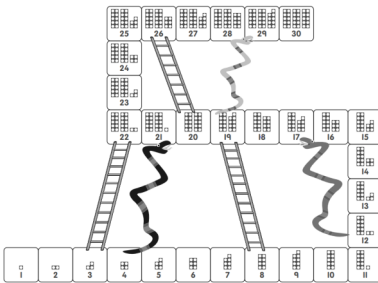

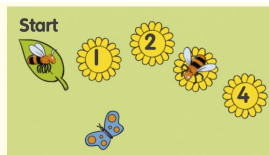

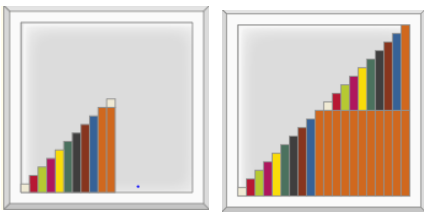

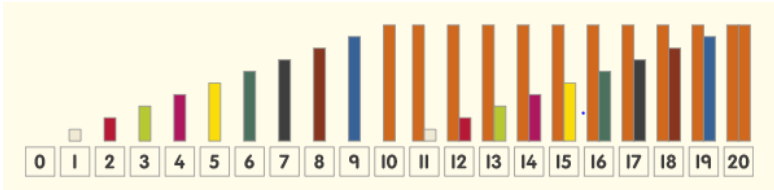

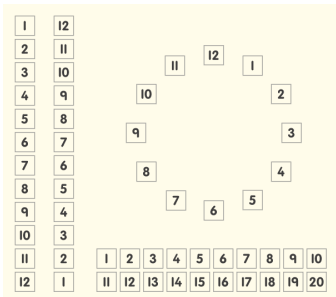

- Say the counting sequence from 0-20 correctly, in order.
- Write the numerals for numbers 0-20 correctly, in order.
- Show numbers from 1-20 in order with structured apparatus.
- Explain and follow the rules for playing board games.
- Build teen numbers with number rods.

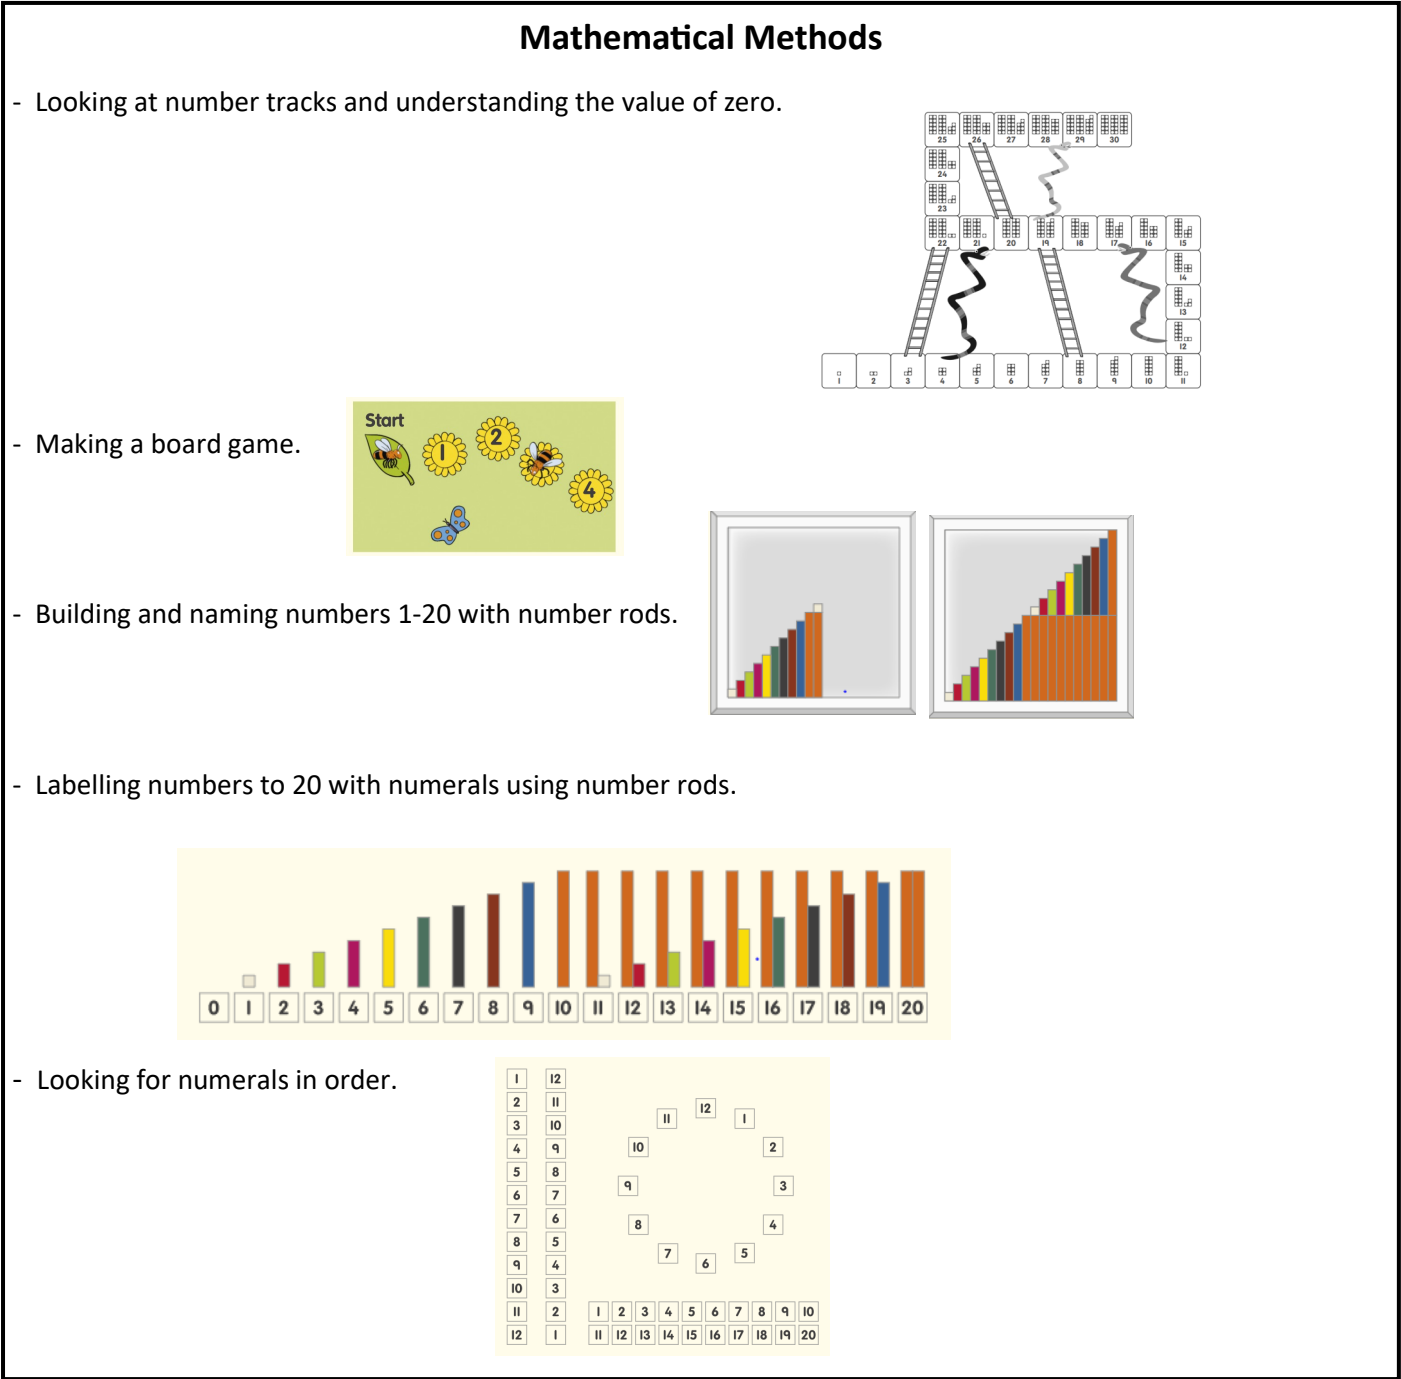

Mathematical Methods

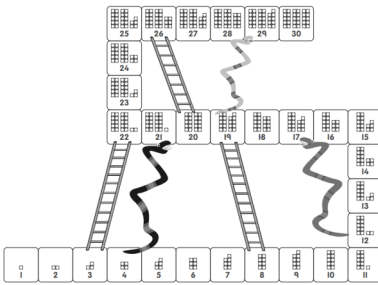

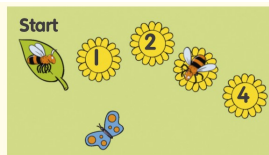

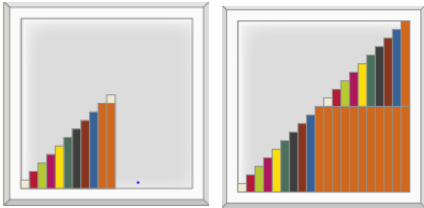

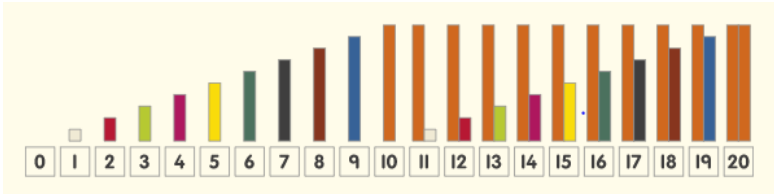

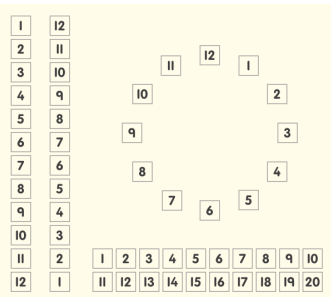

- Looking at number tracks and understanding the value of zero.
- Making a board game.
- Building and naming numbers 1-20 with number rods.
- Labelling numbers to 20 with numerals using number rods.
- Looking for numerals in order.

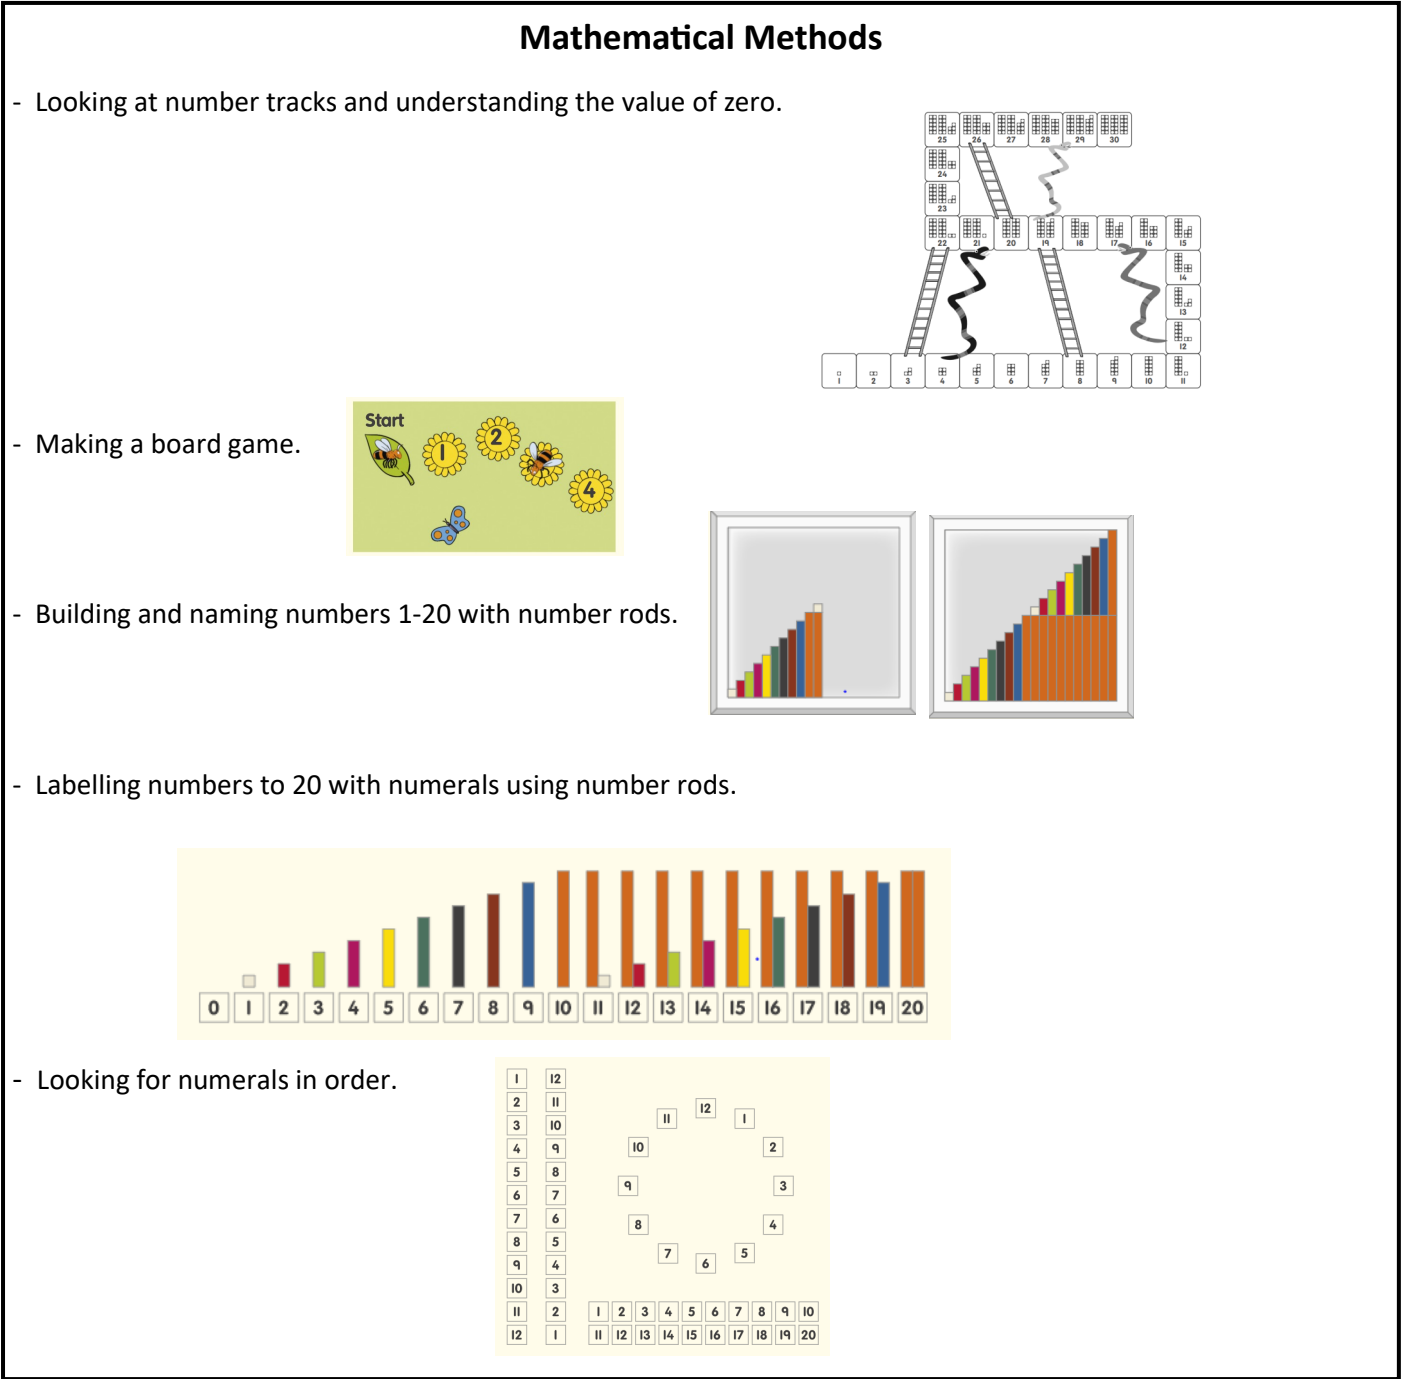

- # Mathematical Methods
- Looking at number tracks and understanding the value of zero.
 - Making a board game.
 - Building and naming numbers 1-20 with number rods.
 - Labelling numbers to 20 with numerals using number rods.
 - Looking for numerals in order.

Can you..?

- Which number is missing? How do you know?

- Order these events from the earliest to the latest.
